OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 6425 Encls 1 / 211 Mysore ~~Bangalore~~ 11th February 189

From

H J BHABHA Esq,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
in the General & Revenue Departments
Bangalore.

SIR,

I have the honour to forward herewith a copy of letter dated 3rd February 1899 from the Principal of the Wesleyan High school, Mysore. He reports that on account of the prevalence of plague the fee income of the school from September 1898 to February 1899 is Rs 1200 less than the fee income of the corresponding months of 1897-98. All educational institutions in Mysore have been closed this month, and plague has not shown any signs of abatement yet. Even if the High school is reopened at the end of this month, it will take a long time for the school to recover its former attendance and prosperity. The Wesleyan Mission High school Mysore is the most successful

Mission High School in the State - The number on the roll on 30th June last was 750, the total Annual cost of the school during 1897-98 was 13,332 of which Rs 7221 was recovered from fees, and Rs 2400 from the Government grant, and the balance of Rs 3711 was met from other sources - The fall in the fee income has rendered it necessary to reduce the number of teachers and to cut down mercilessly for want of funds the salaries of the teachers whose services have been retained - Under these circumstances I recommend that Government may favourably consider the application for a special grant and sanction a lump sum Grant of Rs 1000 (one Thousand) for 1898-99 over and above the present monthly grant of Rs 200 - This grant will enable the managers and the scantely paid teachers to tide over a time of great hardships and trial

From The Principal of the Wesleyan High School, Mysore

To The Inspector General of Education in Mysore

Sir,

I have the honour to call your attention to the very serious embarrassment brought upon the above new housed School by the presence of Plague in this city. The Fee Income for the Six months September — February 1897–98 amounted to the sum of Rs 3490 the Fee Income for the corresponding months (during which the plague has affected us) amounts to Rs 2290 Thus showing a deficit of not less than Rs 1200/-

It has only been by the conscientious collection of fees that this school has been able to carry on the work it has done in this City for a number of years Its value to the Government, as a Preparatory School to the College Department of the Local Government College, will be evident in a moment to any one who will notice the positions held by our Students in the F A and B A Forms of the Maharajas College

I Submit that it is not too much to ask that the Government, whose state-supported Colleges will realise no financial difficulty owing to the present distress, should come to the assistance of such auxiliaries to their Educational work as one found in this School. I have been obliged already to reduce the staff of the School and inform the teachers remaining that while

present distress continues they must be prepared for a very heavy reduction in their already inadequate salaries.

The Assistant Masters recognise that they cannot expect the Government to bear all the burden of these evil days and they will cheerfully accept such hardships as this reduction will entail, but the heavy deficit already pointed out means the crippling of the school for many months after the return of the better days for which we pray.

I submit with all due modesty that this School deserves generous treatment from the Mysore Government, and I therefore ask that a Special grant of Rupees one thousand be made to this School. If this can be given the Masters are prepared to accept the difficulties which will remain to them in the form of lessened salaries

I have the honour to be,
Sir,
Your obedient Servant,
(Signed) W. W Holdsworth
